

# Organic WHOLE GRAIN TREATS

GROWN &  
MADE IN  
NORTH  
AMERICA

## FEED INFORMATION

Whole-grain goodness | Packed with protein and energy | Feed year round

## Whatever the weather, *Whole Grain* Treats are specially

formulated to support shifting metabolisms. Masterful mixes of easily digestible whole grains, carbs, and nutritious oils help keep flocks feeling breezy from season to season—that means fewer runaway roosters and moody broodies. But handle with care—these tasty treats have been known to cause a feathered frenzy!

Slow-digesting grains help birds beat the heat in summer

A medley of grains and corn to keep everyone healthy, warm and full of energy.

Corn (aka chicken candy), will keep spirits high - pigs, goats and sheep love it, too!

## FEEDING INFO

Feed by hand or scatter on the ground to encourage natural foraging behavior.

Treats should not exceed more than 10% of a bird's diet.

Introduce new treats gradually and give your flock access to grit to aid with digestion.

Always provide clean, fresh water.
